Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Recrystallization Test Can you identify the unknown crystal by the way it looks when it recrystallizes? The way a substance dissolves in water is a characteristic property of that substance. Similarly, the way a substance "un-dissolves", or recrystallizes, is also a characteristic property of the substance. The following recrystallization tests provide another clue that can help confirm the ...
