1. Introduction. In addition to functioning as a timekeeping device, a smart watch is a wrist-worn "general-purpose, networked computer with an array of sensors". Smart watches have the potential to transform health care by supporting/evaluating health in everyday living because they: (1) are familiar to most people; (2) are increasingly available as a consumer device; (3) enable near-real ...

If your report says you have variants associated with increased risk. Consider sharing the result with a healthcare professional. Certain results, such as having a variant detected for the BRCA1/BRCA2 (Selected Variants) report, may warrant prompt follow-up with a healthcare professional, since effective options may exist to prevent or reduce risk for disease. Each report will provide more spec

How does someone know which is the best mattress for them? This is a question many have wondered, probably now more than ever since we have so many options. Often, individuals tend to repurchase the same type of mattresses they had before, out of fear of making a costly mistake or because they are unsure of other options.
