Longman - SpeakOut - Elementary - englishwell.org

Hi, I am looking for the best way to create a venn diagram with multiple data thereby the data from several 'circles' would proportionately overlap. I have seen an example on Chandoo that did this with vba but only for two circles. Does anyone know of any good examples? I've read that bubble charts may be also used but haven't seen any examples.

Generate Venn diagrams with multiple data [SOLVED]
