Working together as a community, we can protect children and keep them safe from abuse. The Second Step Child Protection Unit for Early Learning through Grade 5 provides a multi-layered approach to child safety.. By creating a child protection strategy and educating adults throughout the school, you can be prepared to recognize, respond to, and report abuse.

When IHI launched the 5 Million Lives Campaign in December 2006, we committed to partner with participating hospitals to protect patients from 5 million incidents of medical harm over the subsequent 24 months. Since then, hospitals have adopted and spread the Campaign's interventions at different rates — some starting with only one intervention in one unit, others introducing all twelve ...

This template is provided by KDHE and is a general emergency management plan for any dialysis center. This emergency management plan includes provisions to ensure the life safety of employees, patients, and visitors, assure availability of dialysis care, protect electronic and hard copy clinical and business records (data and paper critical records), mitigate damage to property and contents ...

Kansas Department of Health and Environment: Preparedness

When establishing the Basin Plan it was determined that a portion of surface water entitlements should be recovered and retained in the system, to improve the health of the river system. This is known as the water recovery target, and is a long-term average. The recovery volume is based on scientific method and judgement. It has been determined based on an analysis of
